COLOR CULTURE

*Give in to the glamor of colors.
Fabulous finishes and tempting
textures. The exquisite range of
colorful marble is all poised to
dazzle your world. Designed by
Mother Nature, this pristine creation
undoubtedly is an incarnation
of divine beauty.*

GOLDEN PORTORO

*A design that truly
outlives all theories
of attraction. An art
aficionado's personal
favorite. Bright golden
streaks on dusky black
marble. A true legend
from the golden era.*

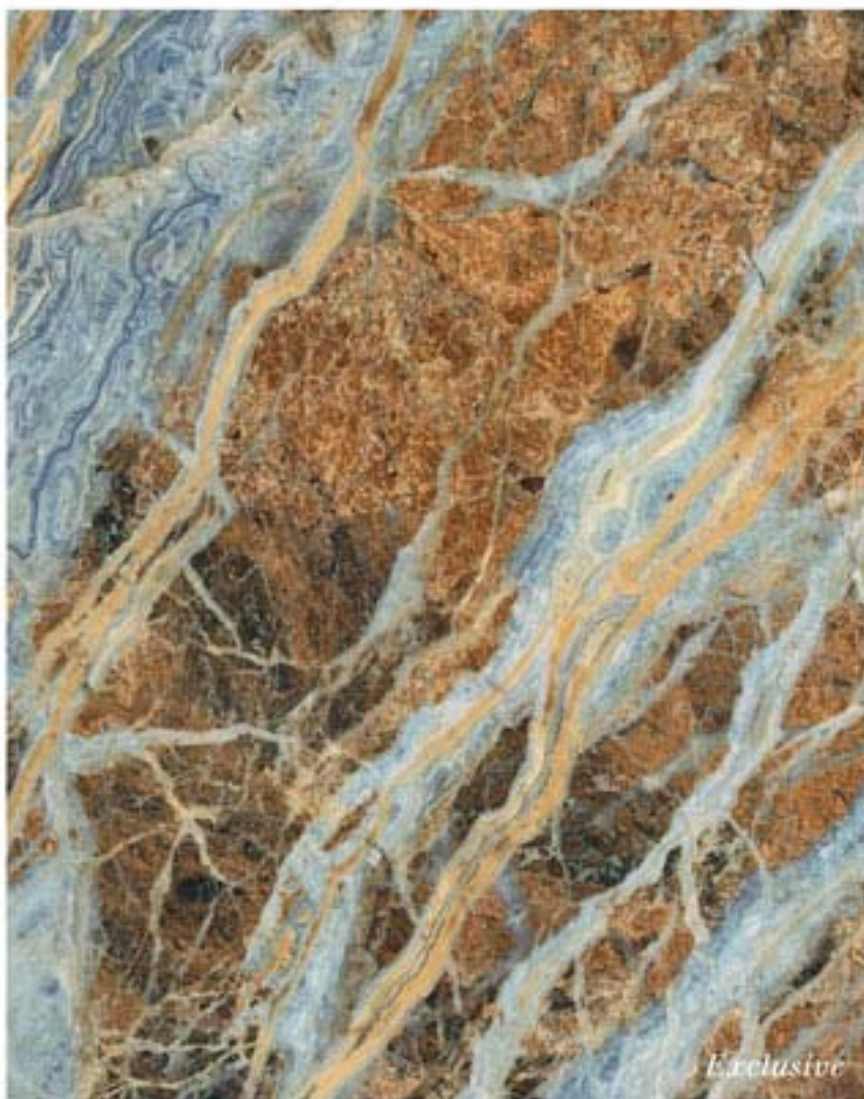

Exclusive

HOLLAND ROSE

*Love is in the air. And
with Holland Rose it
will be all over your
home. A romantic
blend of mesmerizing
textures and patterns.
Go ahead, flaunt your
true love for aesthetics.*

BLUE FANTASY

*Nothing beats the
charismatic aura of
the Blue Fantasy. Rich,
mesmerizing textures
with heart-melting
designs. Fantasies
do come alive! Choose
yours to escape into one.*

BLACK STATUARIO

A beautiful look is always in fashion. Just like the Black Statuario. A lustrous beauty embedded in black and white streaks. Stay stylish. Flaunt grace. Because flaunting never goes out of style.

Exclusive

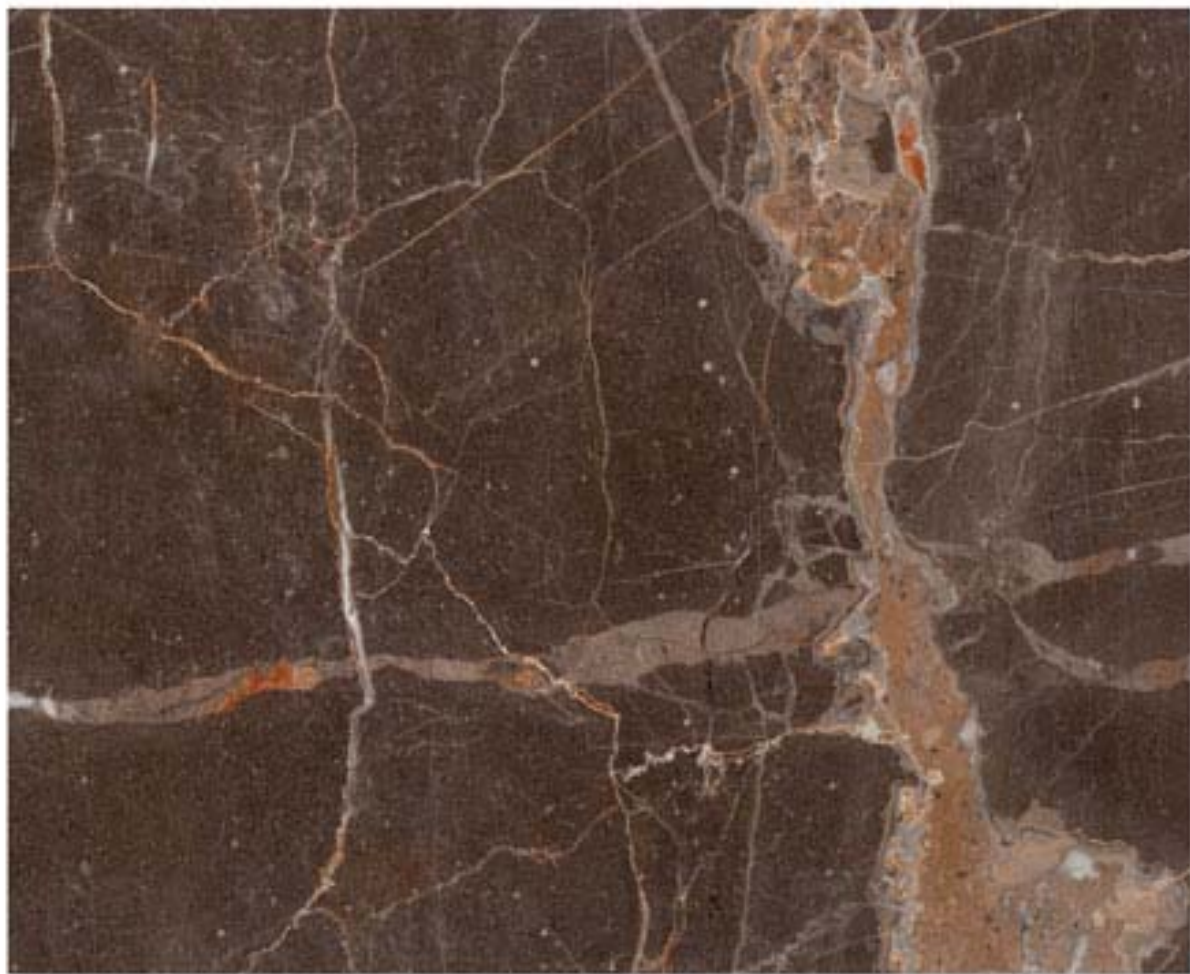

ARMANI BROWN

Some shades are like music. Original sensation recreated and cherished over time. Just like the Armani Brown. Natural marble with rich brown textures. Tops the chart, any given day.

discerning. White beauty
stroked with black stripes.
A true classic indeed.*

THE NITCO SIGNATURE

- *Superior quality marble sourced from the finest mines in Italy and around the globe*
- *Marble processed at the state-of-the-art Breton processing plant in India*
- *It's one of the very few automated marble processing plants in the world*
- *Consistent ultra-high precision in cutting is accomplished with BM gang saw machines from Italy*
- *Natural marble is strengthened using automated netting and the world's best epoxy resin (Tenax)*
- *A vacuum processing technique seals the tiniest of micro-pores, to ensure perforation-free marble*

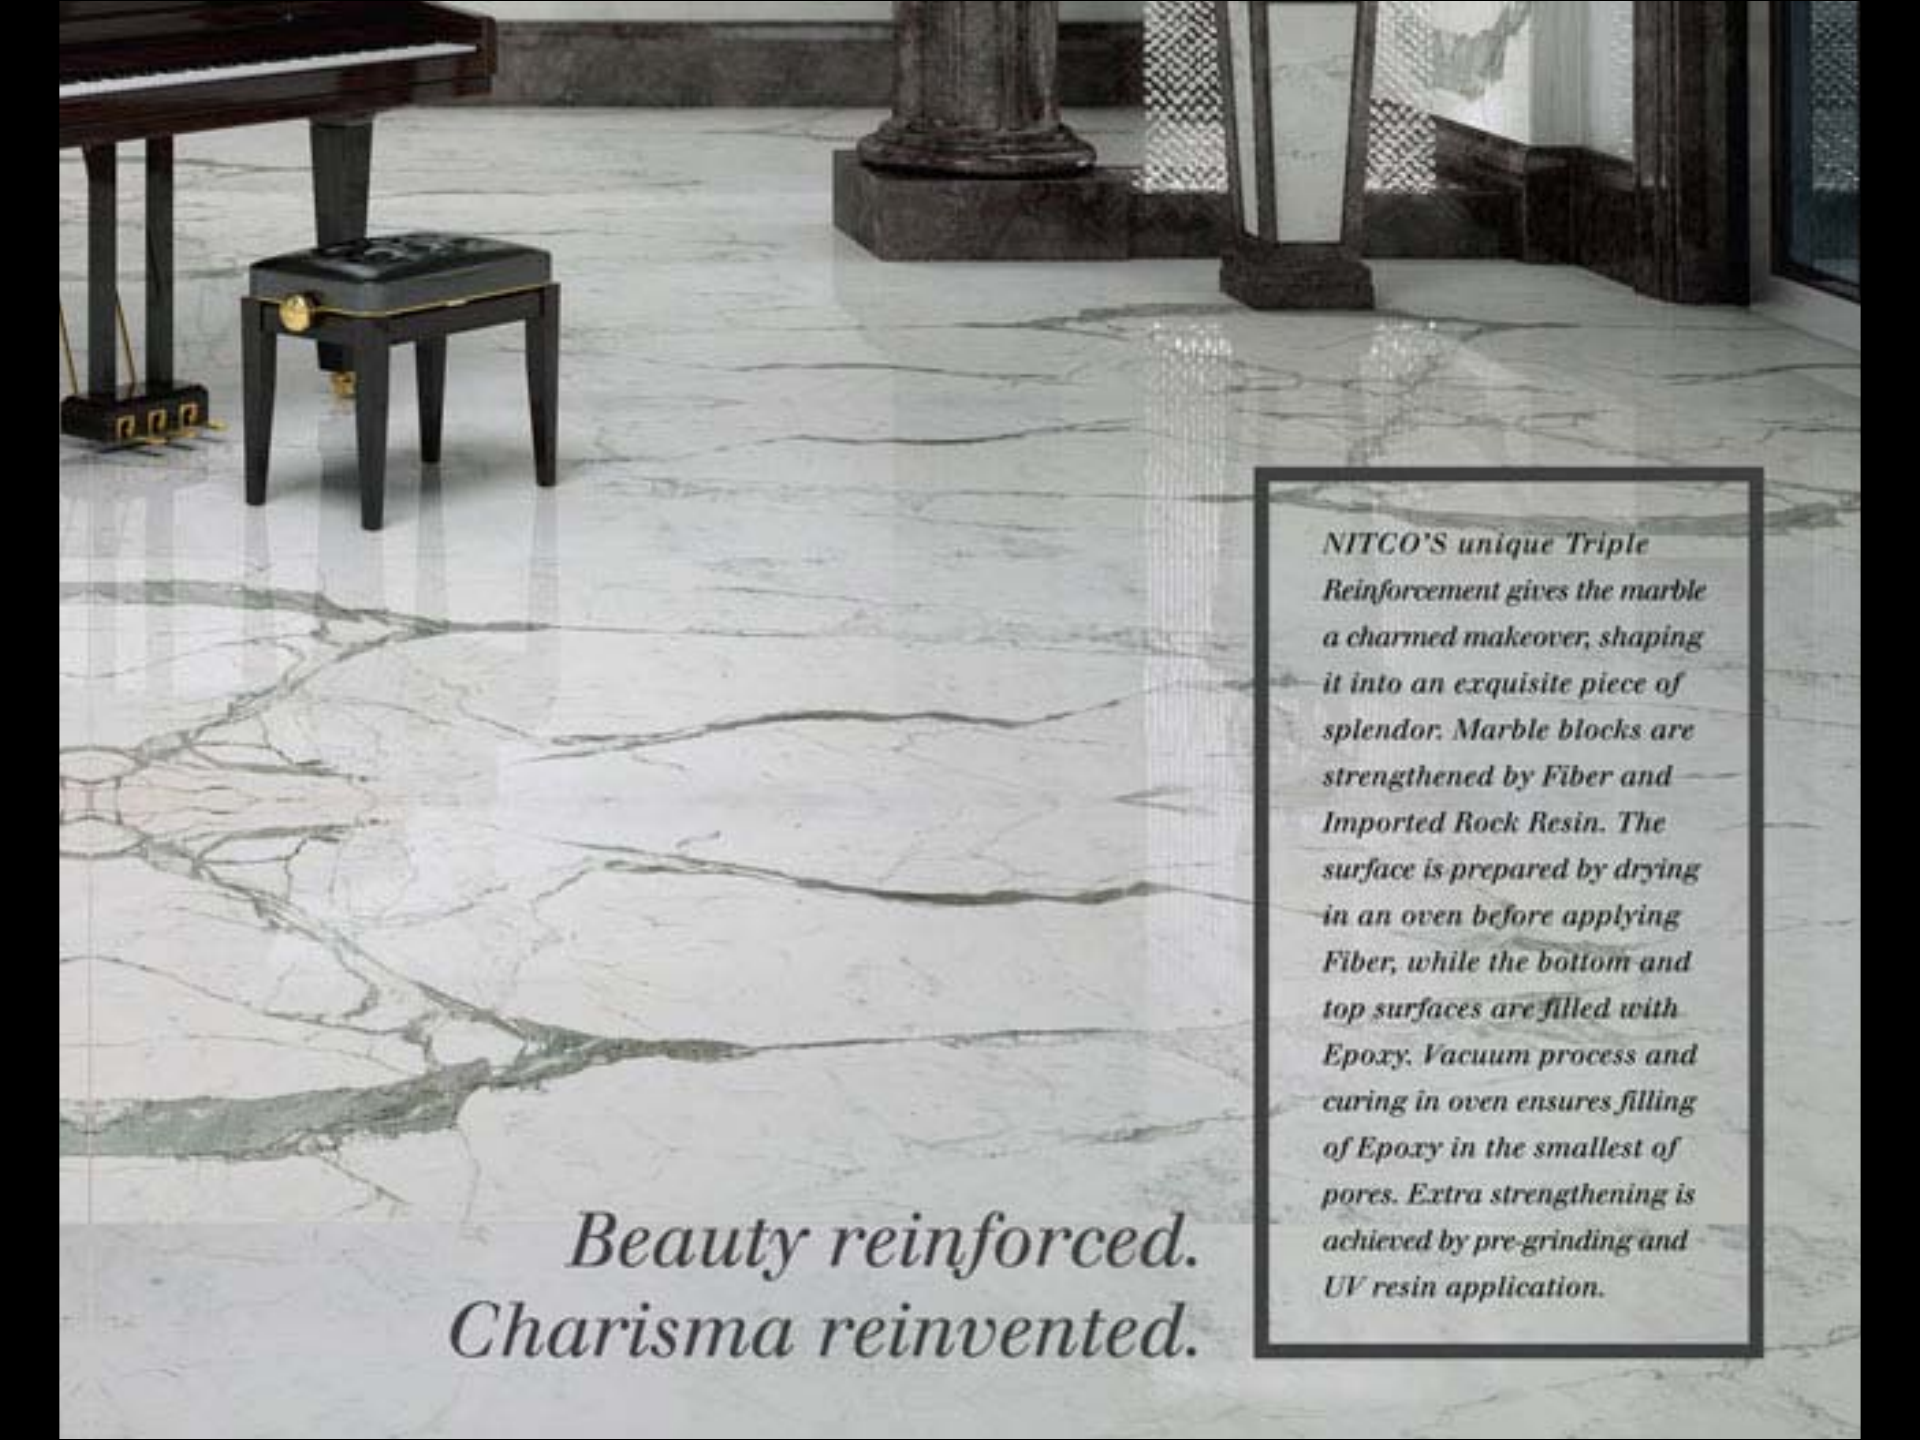

THE NITCO SIGNATURE

- *A special super-gloss process involving UV resin and processing in the UV lamp chamber imparts the highest gloss levels possible*
- *NITCO is the only company to employ a pre-grinding process before polishing*
- *Fully automated processes ensure consistency of size, incredible longevity and unmatched enhancement of marble's natural beauty*
- *NITCO assures large quantity supplies of high gloss marble at par with the best in the world*
- *NITCO's professional team is committed to delivering target quantities on-time, every time*

A photograph of a highly polished, light-colored marble floor with prominent dark veining. In the upper left corner, a portion of a dark wood piano and its matching stool are visible. The background shows a classical interior with a large column and a decorative screen. The floor's surface is so reflective that it shows clear reflections of the piano and the surrounding architecture.

*Beauty reinforced.
Charisma reinvented.*

NITCO'S unique Triple Reinforcement gives the marble a charmed makeover, shaping it into an exquisite piece of splendor. Marble blocks are strengthened by Fiber and Imported Rock Resin. The surface is prepared by drying in an oven before applying Fiber, while the bottom and top surfaces are filled with Epoxy. Vacuum process and curing in oven ensures filling of Epoxy in the smallest of pores. Extra strengthening is achieved by pre-grinding and UV resin application.
